Sub: Queries Regarding Shodhganga and e-ShodhSindhu being received from Colleges: Clarifications

The INFLIBNET Centre receives numerous queries from Colleges regarding membership to Shodhganga and e-ShodhSindhu. Following clarifications are being provided in this regard:

Shodhganga: Shodhganga is an Open Access Repository of full-text theses submitted to universities in India. Membership is not required to browse, view, search and download theses available in Shodhganga. However, INFLIBNET signs MoUs with universities so as to facilitate submission of electronic version of theses into Shodhganga and synopses/approved research proposals into Shodhgangotri. The eligible universities that signs MoUs with INFLIBNET Centre on Shodhganga are provided access to anti-plagiarism software. Colleges are not eligible for this benefit. (Details are available at <http://shodhganga.inflibnet.ac.in>)

e-ShodhSindhu: Colleges that are covered under 12(B) & 2(f) Sections of the UGC Act and are under direct purview of UGC are entitled to get access to e-resources under NLIST programme except for Colleges imparting education in Agriculture, Engineering, Management, Medical, Pharmacy, Dentistry and Nursing. NLIST is college component of e-ShodhSindhu. NLIST subscribes to a sub-set of e-resources that are subscribed under e-ShodhSindhu. As such, Colleges that are already getting access to e-resources under NLIST do not require membership of e-ShodhSindhu. (More details are available at <http://nlist.inflibnet.ac.in/members.php>)

10. Evaluation Process and Reforms

In the beginning of each semester, the students are introduced with the prescribed syllabus in detail by making them known with its scope. The syllabus pattern, weightage of marks and importance of some major topics from examination point of view have been discussed with them. The unit tests, home assignments, seminar, projects, interview and viva- voce are conducted as a part of internal evaluation. Such continuous evaluation allows the teachers to assess the students, track their progress and identify slow and advanced learners.

The students' laboratory performance is examined by conducting internal laboratory tests. Before the commencement of the university examination, preparatory examinations and question paper solving sessions are conducted to boost the students' confidence. Through text books, reference books, encyclopedia and N- list, Students get chance to improve themselves by means of such this continuous evaluation system before appearing for the university examinations.

In present scenario of Covid-19, the faculty try to reach at the doorstep of students by using e-tools also such as Google Classroom, WhatsApp, Google form, You tube, Zoom App, Google meet etc. The study material and questions related to the subject are posted on above platform. Students' also raised their queries and that are answered by the faculty.

Mechanism to deal with internal examination

To deal with internal examination grievances, there is a separate mechanism in our college. The internal examination grievances of the college students are either at the college or at the University level. The college level grievances are redressed by the Internal Examination Committee, the concerned heads of the departments. The university level grievances are redressed by examination coordinator under the guidance of the Principal.

If any student is unable to appear for the internal examination due to illness, participation in co-curricular, extra-curricular activities or genuine reason, the re-examination is conducted for such students. After the evaluation of the answer books, marks are displayed on the notice board. If there is any grievance regarding the internal examinations, it is redressed positively in time.

The follow up of University level grievances of internal examination is actively taken by examination coordinator of the college, so that such student may not suffer from their academic loss.

In this session 2020-2021 even and odd semesters examinations are conducted online due to covid-19 situation, therefore all the staff members have taken the keen efforts in minimizing the university level grievances of not only at internal but also university level examination. Due to online examination the grievances of the students are found very negligible.
